

PHYSICS IN THE PUB

Colliding black holes, quasiparticles, and a low energy future

Melbourne

11 May 2018

Eight snappy physics presentations:

An informal, lighthearted night where physicist, astronomers, theoreticians, engineers and educators share their love of science

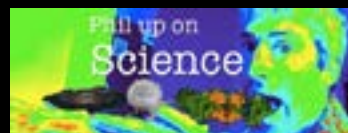

6.30pm Friday 11 May

Beer Deluxe
329 Burwood Rd
Hawthorn

Grab a drink and a snack, and hear local researchers talk and laugh about their science in a relaxed setting.

Presenter slots available: email philuponscience@gmail.com
